

Submitter: Dr. Andy Baltensperger

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

As a wildlife biologist, I fully support HB4134 and urge you to do the same. This bill would provide much needed funding for wildlife research in Oregon (especially in lieu of federal cuts). This bill would support several wildlife crossing projects that would help conserve a variety of Oregon species by reducing roadkill and also improving the safety of Oregon roads. A reliable source of funding for non-game research and conservation has been neglected for too long. Please support this important bill!
