The mission of Chintimini wildlife center to protect and care for the wildlife of Oregon is necessary and admirable. The way this center can connect humans to wildlife in a safe and educational way allows the community to have experiences they otherwise would not be exposed to. Oregon's wildlife deserves to be supported, protected, and cared for, and Chintimini wildlife center fills that need. The staff at this center give a voice to the animals that are not able to advocate for themselves, and provide essential care and support to the wildlife that makes Oregon a beautiful home to live in. We should always support them in their rehabilitation and education efforts.
