

Submitter: David Wall  
On Behalf Of: Mr Oregon OPPOSES HB 4060  
Committee: Senate Committee On Energy and Environment  
Measure, Appointment or Topic: HB4060

I OPPOSE [HB 4060].

Fluorescent light bulbs are hazardous wastes requiring proper disposal for Mercury.

Get rid of all Fluorescent light bulbs as quickly as environmentally possible.

Fluorescent light bulbs are for yesteryear. (They were even bad for people and the planet when they were invented.)

Give tax credits for schools, businesses that have bought Fluorescent light bulbs that turn them in for proper disposal.

David S. Wall

Mr. Oregon Concurr and says, "What is needed is more Hazardous material collections at Transfer stations to keep this hazardous waste material from harming the planet and people as we traverse the road to attain ZERO WASTE."
