Committee: House Committee On Economic Development, Small  
Business, and Trade

Measure, Appointment or Topic: SB1548

Vote NO on SB 1548!!! The supporters of this bill are saying they are protecting children with this bill. Nothing could be further from the truth!

The important facts to remember is the original law passed was to give men and women, who are already hooked on Alcohol or Drugs, to be given a Second Chance in life. It gives People the option of going into Drug & Alcohol treatment rather than jail or Prison!! This can mean the difference of life or death! Once branded a Felon, because of an addiction, a person's life can be ruined forever! Treatment for addictions, not branding for failure with a Felony on your Record! Ladies and Gentlemen on this Committee, please, please vote NO on SB1548. GIVE THEM A SECOND CHANCE TO LIFE, NOT PRISON/FELONY/FAILURE!!

Thank you,

Caryl Tallon, RN, BSN
