On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

My family and I are in strong opposition of HB 4145. This bill will do nothing to stop bad people from getting guns and will only hurt the law abiding citizens of our state. This "pay to play" bill will create additional hurdles, increased fees, longer waiting times, burden on law enforcement agencies, and infringe on our constitutional rights.

Please stop HB 4145!
