

Submitter: Randy Wilhelm
On Behalf Of: Oregon citizens
Committee: Senate Committee On Rules
Measure, Appointment or Topic: HB4145

This has been a bad bill since it's inception. It is fraught with fraud and has potentially criminal procedure.

This bill is submitted as a way to prevent suicide. If you truly care about preventing suicide address the root key cause which is mental health.

This bill will do little to prevent suicide, but it will affect every gun owner in Oregon with their constitutional right to carry a firearm and protect themselves. It's not about hunting, it's about our constitutional rights.

This bill will have its greatest impact on citizens with low incomes who are potentially a greater target from criminals.

Don't think for a second that voters don't realize that this bill will only harm law-abiding citizens. Criminals do not follow the laws.

I strongly oppose this bill.

Hopefully,
Randy Wilhelm
