Measure, Appointment or Topic: HB4134

I wholeheartedly support HB 4134, a measure to increase the state's transient lodging tax by a small amount that can make a huge impact on Oregon's wildlife and environment. It makes sense that Oregon travelers help support the incredible natural beauty that often draws them to our state. And as someone who also enjoys traveling throughout Oregon, I will gladly pay a few extra dollars each stay knowing that I'm helping support and protect the many species that call Oregon home.
