Measure, Appointment or Topic: HB4134

Honorable members of the Senate Committee on Finance and Revenue

I am not a resident of your great State however I do support the above bill. I currently reside in California and have been a visitor to your State. One of the main reasons for visiting your State is to enjoy the open space, forests, rivers, lakes, beautiful coastline and wildlife. As a visitor, I support the 1.25 % tax, it is a small cost for preserving and maintaining your beautiful State and protecting the wildlife. In these times of rising costs, I know it may not be easy to add a tax and I definitely don't like most tax increases, however, as a visitor to your State, I do feel it is a worthy cause. I also don't feel any visitor would decide not to visit based on this tax especially knowing that all the funds go to the programs that benefit wildlife.

Thank you for your time and consideration in this important matter. Please support HB 4134.
