

Submitter: Bonnie Hadley
On Behalf Of: Law-abiding Oregonians
Committee: Senate Committee On Rules
Measure, Appointment or Topic: HB4145

This measure is unnecessary, unconstitutional and discriminatory. It requires law-abiding citizens to pay fees to cover the cost of an unnecessary program. That is unfair to people of low to modest incomes already struggling to pay bills and who also want to feel safe. Instead of creating new regulations that do nothing to address the actual problem of weapons in the hands of criminals, we should be enforcing the laws we already have. The only people affected by measures such as HB4145 are the people who obey the law and are responsible gun owners whose rights this bill aims to restrict. PLEASE VOTE NO.
