

Submitter: Adrian Smith

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

Dear Representative/Senator,

I am writing to respectfully oppose HB 4145. While I support public safety, this bill expands the firearm permitting system created by Measure 114 in ways that place additional burdens on law-abiding Oregonians without clear evidence that they will reduce crime.

I urge you to oppose HB 4145 and instead pursue policies that focus on enforcing existing laws, addressing violent crime directly, and respecting the rights of responsible Oregonians.

Thank you for your time and consideration.

Sincerely,

Adrian Smith

Corvallis, Oregon
