I deeply oppose this bill. Why is there cut outs for law enforcement and military but not CCW holders. It puts an extra financial burden on legal gun owners. What other constitution rights do we have to have a permit for? Suicide is a mental health problem so focus on that instead of trying to make gun owners criminals. With the extra wait times to get this illegal permit could actually cost lives. Then there is the redundancy of state police checks and FBI checks in which they could potentially create a gun owner registry
