

Submitter: Dale Casey

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

This is addressed to every one of you less than Honorable Senators:

The question comes to mind that is often asked of 3 year olds, "How many times do You have to be told No?"

This bill does nothing more than violate both the U.S. and the State of Oregon Constitution not to mention making most true Oregonians angry. It is beyond me how the measure it tries to modify is still up for debate and that measure can be modified by yet another bill. Too much hanky-panky going on up there.

Please vote no on this bill and any others that puts more stress on the Oregon Citizen than is healthy.
