

Submitter: Andrew Tinker
On Behalf Of: All diehard blazer fans wherever they may be
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB1501

As you know the blazers are Portland's first pro team and it's history has really impact the city good & bad. They also help bring new teams the Timbers, the Thorns, and the Fire. And there of course if you haven't known yet the ongoing support to bring Major League Baseball to Portland in the future and hopefully the NHL. So I believe that the Moda Center renovations should happen because it will be essential to securing a long-term future for the blazers and attracting more world-class performers. In conclusion I urge you all to support SB 1501 and move this vision forward to ensure Moda Center continues to serve all Oregonians in the future.

Thanks

Andrew Tinker
