Committee: Senate Committee On Rules  
Measure, Appointment or Topic: HB4145

Why am I a Law abiding Oregonian being forced to jump through hoops to practice my 2nd Amendment right. This may upset some, but criminals do not obey these laws that get passed in Salem. They are thankful for them, because it means I'm not armed. It means I won't be able to defend myself when they decide to attack me. If they get a gun illegally and are caught, the soft on crime agenda turns them loose. Allowing them to perhaps do an even worse crime. Which happens more often than you think. There are bad guys walking around with multiple convictions on their records. Doing terrible things to the unarmed. Please vote NAY on HB 4145 for the sake of ALL Law abiding Oregonians. Sincerely James F Babbington.
