

Submitter: Emma Rupert

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB1501

Having an NBA team in the city I live in is one of my favorite things about living in Portland. I love the community support it brings together. It's one of the primary reasons I haven't moved out of the city when presented with other work offers. I'm worried the team will be moved if we don't have a competitive arena with other cities. Please help us continue to support this vital part of our community.
