

Submitter: Jerry Cumiford

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

This shows the liberal democrats of Oregon will do anything to pass a bill into law including lying, stealing and cheating. HB 4145 was dead in the judiciary committee in the house and Jason Kropf cheated, lied and stole my vote...we should not be here. The integrity of the democrat party is non existent and has undoubtedly destroyed democracy in Oregon.

There are no provisions in this bill for Oregonians with disabilities. We will be denied our constitutionally protected right if we cannot afford the license, cannot get to or navigate a training...not only does this violate every disabled American law, it violates numerous constitutionally protected freedoms.

The democrats cheated and they got caught, and instead of doing the right thing, they continue to cheat. As a disabled Oregonian, I may not be able to obtain the licensing requirements to purchase, own or use a firearm, completely and illegally banning me because I am disabled. I am a citizen in good stand and my only crime is that I am disabled.
