

Submitter: Michael Schlesinger

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

Oregon Democrats have cheated, lied, broke the law and stolen my voice. This bill should have died in the house. but because Democrat Kropf cheated and stole our vote, it is now being pushed into law. Oregon democrats have destroyed democracy, trust and confidence in the state government. They cheated, and are continuing to cheat, this is not what we the people want from our representatives, we want honesty and integrity, our democrats have given us none of that, they continue to push a bill that was illegally passed!

HB 4145 makes no provisions for disabled Oregonians. This bill automatically strips the rights of any disabled Oregonian who's only crime is they are disabled, and that cannot afford the fee, attend the training or complete the training.

The bill was passed to the senate based on deceit and dishonesty and must die. Kill the bill!
