HB4145

I do not support this measure. Measure 114 is unconstitutional and so is this modification. The law violates the right to bear arms by restricting commonly owned magazines and imposing excessive burdens on law-abiding citizens. Please stop trying to draft "common sense" gun laws. Law makers are trying to frame a mental health issue as a gun control problem. Instead of focusing on restricting the rights of law abiding citizens we should use our funds/energy to improve access to mental health treatment. Thank you for taking the time to read this testimony.
