Measure, Appointment or Topic: HB4145

I strongly oppose measure HB 4145 This measure is Unconstitutional in every sense of the word gun control. It is a burden to all law abiding citizens and those with economic concerns. This is a mental health crisis and a sensorship of law abiding Oregonians that have jumped through the “hoops” to be legal gun owners. You are asking for people to except your will not our will that is again our Constitutional right. You all took an oath to uphold for the legal citizens of Oregon which you have twisted for your own agendas.
