Measure, Appointment or Topic: HB4145

I strongly oppose bill 4145 for many reasons. It is just as bad as 114 which you wont even wait for the court ruling. It shows to me that you could care less about what the public says and only about your party. After the Rep Kropf incident and the committee throwing out the complaint shows just how crooked Democrats are. I am embarrassed to what this state is becoming and having a D on my voter registration. Vote no on 4145.

Thank you
