Measure, Appointment or Topic: HB4145

Mr. Chairman and members of the Committee,

This is not good legislation! I have lived in and enjoyed working, raising my family, and hunting in Oregon for over 50 years. I am a gun owner and have always respected the law's pertaining to firearm ownership, but this legislation is over the top and is not needed.

Please do everything you can to stop this ludicrous legislation and help Oregonians to continue enjoying our constitutional right without placing more hoops to jump through. This proposal is a slap in the face to law abiding gun owners and is reckless approach to good leadership for law abiding gun owners.

THIS LEGISLATION NEEDS TO BE STOPPED!

Thank you
DMann
