Measure, Appointment or Topic: HB4145

I strongly oppose HB 4145. It violates the Oregon and Federal constitutions. If it passes there will be yet another law suite. I watched the Oregon Supreme Court trial on measure 114. It appeared to me that they will find 114 unconstitutional. Does Oregon have the money for more lawsuits? Will you defy even the Oregon Supreme Court? You can't at least wait to hear what the court has to say?
