The constitution says the right to bear arms shall not be infringed and this is clearly an infringement of the 2nd ammendment! A RIGHT does not require a permit of any kind! All this does is allow criminals to out arm citizens and reach into the pockets of our great citizens of this wonderful state. In many cases it makes it impossible for some to even afford to purchase a firearm and for these reasons I oppose as should everyone who took an oath to uphold the constitution. The constitution is of the best documents for human rights to ever exist! Consider upholding the oath you took and what it means to be an American while making your vote.
