HB4159

I'm opposed to bill 4145. This bill should not have made it is far the vote was 4 to 3 then the bully call a recess in the vote has had ever happened before? Then he bullied Tran in the hallway to change her vote. The bill should have stopped right there!!

If I thought this bill would stop suicide I would support it, but I feel the people this will affect is legal law abiding citizens.

I feel more people will die from this bill because of the cost and the class and the they can be denied for any reason. Maybe the color of their skin. A woman filling a restraining order from an abusive man, and the have to wait for months to get a gun to protect her and her kids.

This bill is so poorly written and planned how can they pay for all the new costs and people it will take enacted. They have rushed this bill there's no planning to pay for it.

It is sad how low they can go to push this bill through. They changing the carrier of the bill and now everyone knows way they changed to the new carrier. It's shameful to use her.

This bill needs to be stopped now do the right thing!
