

Submitter: Nicholas Payne
On Behalf Of: Myself
Committee: House Committee On Rules
Measure, Appointment or Topic: SB1570

I believe everyone should have access to healthcare, regardless of documentation status. As an individual who has had to use the health care system multiple times (resulting in two heart surgeries), I cannot imagine what it would be like to have so much fear about get deported during an already life-threatening hospital visit. No one should have to go through that kind of fear, because of their documentation status. Please support this bill, thank you.
