

Submitter: Jerry Jones
On Behalf Of: Oregon Gun Owners
Committee: Senate Committee On Rules
Measure, Appointment or Topic: HB4145

This bill is not good for the law-abiding Oregon citizen as it puts law enforcement over its citizens and gives them more rights than any other citizen. This is totally unconstitutional and violates my second amendment right as an American! Stop taking our God given rights away and shoving an unconstitutional measure (114) and HB 4145 on Oregonians in this state. Enough is enough with all your knee jerk legislation! This does nothing to solve the safety or the real problem (Mental Illness) of our citizens but puts all the burden on legal and law-abiding gun owners to pay to play! This HB 4145 is bad for Oregon and puts another tax on law-abiding citizens! I strongly oppose this legislation!!
