

Submitter: Ruth Jones

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

My name is Ruth Jones and I currently reside in Washington state, but I lived in Oregon for nearly two decades. I strongly support any measure taken by any state to support wildlife and the places they depend on. It is imperative that humans begin to dial back their enterprise and restore natural areas of the earth since we all live on a finite planet. I hope that Oregon will set such an example for the rest of the country to strive towards. Any desire I have to return to Oregon as a visitor (and contribute to Oregon's economy) is driven by the idea that Oregon has and will continue to have abundant and healthy wildlife and places that support them. States that value and support their native wildlife and natural ecosystems are the states where my dollars will be spent.

Sincerely,
Ruth Jones
