Measure, Appointment or Topic: HB4145

I OPPOSE HB4145 it burdens law abiding citizens and does nothing for public safety. This bill will create a registry with the FBI this is very concerning in that it could be used to target legal gun owners. With fees that low income citizens can't afford. Also having to get a permit for a constitutional right and then having someone approve it with no legal recourse if your denied a permit. In closing I believe this bill is more about control than anything else.
