Measure, Appointment or Topic: HB4145

This gun bill has been wrong and unnecessary from the very beginning. Oregon has existing gun regulations that are more than adequate. This bill is asinine on so many levels including our corrupt politicians. It makes criminals out of law abiding citizens and the criminals will still have guns no matter what you put on paper. You are only hurting the good guys. The bully's are in control and want us to be defenseless. This bill is wrong and should be voted out.
