Measure, Appointment or Topic: HB4145

A vote for this bill is a direct vote for abuse, dismissal of the public's voice, and overreach by our elected Representatives. From giving our fingerprints, handing over purchase data to the Federal Government, isolation of our ability to contest denied permitting, to ignoring the blatant abuse during the failed vote in the House Committee. We are sick and tired of our State Government not honoring the will of the people and overreaching the bounds of our basic rights. This bill should never have made it this far but for the abuse mentioned above.
Stop this now!

Respectfully,
Bryan McGregor
