

Submitter: Jan Verbeek
On Behalf Of: Myself as elector
Committee: Senate Committee On Rules
Measure, Appointment or Topic: HB4145

Dear Senators: Please note I oppose HB 4145 for its unconstitutionality. As if our legislature does not have other, more important debates to have. Please make sure it does not pass by voting no or by denying quorum to the political party that has been dominating our state.

Thank you for all you do for us.
