To: Senate Committee On Rules

I strongly OPPOSE HB 4145 as this bill violates the 2nd Amendment Rights of our citizens and add layers of complicated and costly permitting to accessing a firearm for protection and hunting.

The State of Oregon is awaiting a response from the Courts on Measure 114, and I and many others feel you should wait to hear the ruling by the Court regarding Measure 114. Additionally, the State is not prepared to enact HB4145 requirements which inflicts additional infringements on my rights.

Lastly, law abiding citizens will be punished by HB4145 while criminals or people seeking to harm themselves will not follow any of the requirements of this rule. We cannot stop people from committing suicide with a gun - if not a gun, they may use a knife - are you going to create permitting and rule making to purchase a knife?

For many more reasons, vote NO on HB4145. This is a bad bill that should have died in committee had fraud through coercion/harassment by Chairman Rep. Jason Kropf (D-Bend) not berated fellow Democrat Rep. Tran to change her vote. You know fraud was committed on this bill and it should not move forward.

Respectfully,
Annette Evans
