

Submitter:

Mike Stahl

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

HB4145

I'm a native Oregonian and am adamant about my 2nd amendment rights.....this is unconstitutional and impractical.....we have far more pressing problems in this state than adding a stumbling block in the path of legal firearm ownership.....

Please note that you work for us and we do NOT want this put into law.

Thanks for your time.
