Measure, Appointment or Topic: HB4145

As a lawful Oregon citizen I am deeply offended by House Bill 4145 and it's violation of Oregon constitution section 27 "Right to bear arms". If a permit is required to purchase a firearm, then it's no longer a constitutional right. Regardless of measure 114, the people of Oregon have never voted to modify section 27 of the Oregon constitution and therefore HB 4145 is absolutely NOT by the "will of the people" as Oregon Democrats are fond of saying. Please vote NO on this egregious violation of our constitutionally protected right to defend ourselves and our families.  
Thank you for your attention to this matter!
