

Submitter: Donjon Pelc

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

As a concerned citizen I oppose Measure 4145. This does nothing for crime or suicide prevention, but it does take our constitutional rights away. I had a freind in high school that killed himself and did not use a gun he drowned himself, if you are in that state of mind there are many ways to do it.

A gun is a tool that we use to protect ourselves our families our rights and against Tyranny Government. No were in the constitution does it say you need to pay for a permit to own a gun, we already have background checks. Measure 114 and 1145 are unconstitutional and unlawful.
