

Submitter: Jerry Fraser

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

I strongly oppose HP 4145 and urge you to terminate it immediately as it restricts the rights of the citizens of Oregon and is unconstitutional to require permits and fees, as well as longer wait times to exercise our freedoms and ability to protect our families. Please listen to the voice of the law, abiding citizens of Oregon and vote no. Thank you.
