HB4145

Once again, I want to register my stern opposition to this bill and any like it as arbitrary, capricious and unconstitutional. Not only is the original sin, Measure 114, wildly unconstitutional, but HB 4145 makes this inequitable and illegal "law" much worse. I would urge legislators to reject any measure, including HB4145, which carves out and creates a two-tier exception for law enforcement and effectively places them above the law they are also tasked with enforcing. In addition, language in the law allowing "permit" agents to reject "permit to purchase" applications for any and/or all reasons without explanation should also obviously be cause for alarm and rejection of this critically flawed bill.

A time when the federal government overreach is at an all-time high is decidedly NOT the time to restrict and eliminate the rights afforded to Oregon residents by our constitution. Doing so would place Oregon legislators firmly on the side of tyranny, MAGA, and other assorted illiberal movements and ideologies. I firmly reject this bill and I would strongly urge all legislators to reject HB4145 also. Thank you.
