

Submitter: Nora Mullane

On Behalf Of:

Committee: Senate Committee On Finance and Revenue

Measure, Appointment or Topic: HB4134

My name is Nora Mullane. I live in Portland and travel throughout the state of Oregon because I love this state and there are so many beautiful and scenic places to visit. My family has been an outdoors recreational family for many years; rafting on our Oregon rivers, hiking and taking vacations at the coast and eastern Oregon. We love camping and hiking and being aware of the wildlife and birds all around us. It has become evident to me that some of those wildlife populations are not as abundant as they once were. This concerns me greatly. Oregon is a special place and I want it to continue to be so.

HB4134 would go a long way to supporting wildlife and habitat throughout the state. It would support our economy and our tourist industry and local communities. As I stated, I travel around Oregon and am more than happy to pay the extra % as I stay in various locations and go to restaurants in those locations and shop there.

By passing this bill Oregon can set an example and be a leader in proactively protecting our wildlife and wild places and our beautiful state.

Please work to pass this measure and ensure that Oregon's wildlife and beautiful landscapes are supported into the future.

Thank you,

Nora Mullane
