Measure, Appointment or Topic: HB4134

I oppose HB 4134 as it is another tax increase without voter approval. I am watching you all and am quite disturbed at all the tax increases being enacted during this short session. Our Oregon economy is suffering and this will not help it. Quit driving business out of Oregon. Quit taxing the ordinary people of Oregon to death. An average wage family in Oregon cannot go on a trip to the coast without spending over 350 per night for a less than average motel room. That takes away from money being spent at businesses on the coast or any other city. We have had a good tourism industry up until now. Dont take it all away.
