Measure, Appointment or Topic: HB4145  
Senate Committee on Rules  
Senate Bill 4145A

Dear Chair Senator Jama, Vice-Chair Senator Starr and members of the Committee:

I am opposed to passing SB 4145

Senate Bill 4145 does nothing to keep the populace safer. Absolutely nothing. The sole purpose of Senate Bill 4145 is to increase the number of obstacles placed on Oregonian's ability to exercise our constitutional right keep and bear arms.

And that is the sole intent of sponsors and supporters of this legislation. It's as if they will never give up until the population is completely disarmed. Again, I urge the Committee to table this ill-conceived bill.

Sincerely,  
Richard Wisner
