

Submitter: Kai'ea Saragosa  
On Behalf Of: Law abiding gun owner  
Committee: Senate Committee On Rules  
Measure, Appointment or Topic: HB4145

This is Kai'ea Saragosa from Tigard, and deeply oppose of this bill. It not only infringes on my 2nd amendment right as written in the constitution, but other law abiding citizen here in Oregon. Criminals do not care about laws. They will get their hands on a gun illegally, all the while you are restricting law abiding citizens of what to do with our guns, which is rightfully ours through the legal process. What of the disabled that will now make it harder for them defend themselves? It doesn't matter if you limit the capacity of the magazine to just 1 bullet, a criminal will always be a criminal. The do not follow laws, and will continue to get guns illegally, all the while law abiding citizens are left defenseless.
