Measure, Appointment or Topic: HB4145

Vehemently oppose this proposed bill for the following reasons :

- 1) creates undue and unneeded financial barriers/hardship to effect a fundamental right.. unacceptable
- 2) violates equal protection clause as rights should not depend on current / former job title (law enforcement loophole)
- 3) vague and subjective denial criteria... absolutely unlawful and intolerable
- 4) creates a de facto registry
- 5) Abuse of emergency clause allow the legislature to prevent oregonians, the voters from using the referendum process to challenge the law at the ballot box.. gross

For all of the stated reasons and more it is clear HB4145 is unlawful in a multitude of aspects and should be thrown out immediately
