

Submitter: John Schinnerer

On Behalf Of:

Committee: House Committee On Rules

Measure, Appointment or Topic: SB1509

Chair Bowman, Vice Chairs Elmer and Pham and members of the House Committee on Rules,

My name is John Schinnerer, and I live in Florence. This is my testimony in strong support of SB 1509, which would add additional security measures to our election process to ensure that presidential electors in Oregon vote faithfully and in accord with the public's will as it relates to the President of the United States.

It is obvious to me that the current executive branch of the Federal government is actively attempting to subvert free and fair elections. We have already seen in prior presidential elections their attempts to corrupt the faithful - meaning, in accord with the public vote - execution of electoral votes in various states. Oregon must not be one of these states. SB 1509 would add essential accountability measures to the execution of electoral votes to help insure that our electors will not be corrupted or compromised.

Please pass SB 1509 out of committee and give it your full support through the process of becoming law.

Thank you,
John Schinnerer
