

Submitter: Anthony Kenney
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: HB4145

Dear senators,

HB 4145 has no provisions for disabled Oregonians and not only violates my constitutionally protected rights, but violates every disabled American law in the nation. The requirement for fees, training and ranges prevent disabled Oregonians from exercising the constitutionally protected right freely.

We are all law abiding, lawful, and 'citizens in good standing' and cannot be denied our rights, being disabled is not a crime, stop HB 4145. It was born in deceit and dishonesty, passed in corruption and goes against everything democracy stands for.

Stop HB 4145 from becoming law as it discriminates against the disabled!
