

Submitter: Karen Edmonds

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

The people in Salem have way too much time in their hands and keep coming up with these stupid proposals. Why do people need these permits when you can open carry without having a concealed hand gun permit that allows the state to know who has a gun. The state is only looking for more revenue from the taxpayers. They have to know these rules don't apply to the criminals.
