Measure, Appointment or Topic: HB4134

Chair Broadman and members of the Senate Committee On Finance and Revenue,

My name is Dani Dennenberg and having lived in Portland, Oregon, and as a wildlife rehabilitation volunteer, wildlife, conservation and habitat restoration are very important to me.

I am submitting this testimony in strong support of HB 4134 to increase the state lodging tax by 1.25% and help recover Oregon's most vulnerable fish, wildlife, and habitats.

The majority of Oregonians support securing long-term dedicated funding for wildlife and habitats protection. The funding would not only help wildlife and habitats, but also support local communities and businesses that rely on tourism dollars.

Oregon's robust outdoor tourism economy supports nearly 200,000 jobs and brings in \$16 billion in consumer spending. Investing in these resources now will continue to generate more economic opportunities for Oregon's communities in the future.

A thriving tourism economy and healthy and abundant fish, wildlife, and the habitats that support them are deeply intertwined. This legislation would ensure we have both. At a time when the federal government is slashing funds and dismantling policies that protect our vulnerable fish and wildlife and their habitats, Oregon has a chance to set an example and protect our natural heritage. Doing so would make Oregon a national and humane leader.

Please use your leadership for good and support "1.25% for Wildlife" by passing HB 4134 today.
