

Submitter: Steven Lambrou

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

Creating a special class of citizen that gets to skirt the permit is unfair, antithetical to the original bill, and is illegal by both state and federal law. Of you waste time passing this legislation it will die in circuit court for violating the gun rights of Americans and Oregonians. Why do retired LEO get a free pass but retired military or competition shooters do not? Vote no to avoid wasting the time money and energy to just have this bill lose in court regardless.
