

Submitter: JENNA WILLIAMS

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

I do not support this bill. This bill also puts undue burden on law abiding citizens. I also do not support the way the this bill has made it through the house. It is just another example of our legislation not listening to or respecting the will of the people. This bill should have died in the House at the vote.
