Committee: Senate Committee On Rules

Measure, Appointment or Topic: HB4145

I am opposed this measure 4145. Observing the legislative conduct over time and especially these past 10 days is appalling. We elect and expect our representation of our government to respect and honor the voice of the people. Our 2nd amendment right is being further eroded if this measure passes. Shame on those recently not following the rules and pushing hidden agendas. It appears as another state fund raiser of fees from law abiding citizens while criminals and thief's will not be affected.

Respectfully submitted
