Measure, Appointment or Topic: HB4145

Thank you politicians for picking up the ball and running to help the special interests group from Louisiana accomplish what they have paid for. Any politician who will take over where a bully (Rep Jason Kropf) bullied and intimidated another member of your party into the walk of shame back into the room and force her to change her vote speaks volumes on what you are willing to do for the support of reelection campaign from a group of special interests groups in red and orange. This bill will do absolutely nothing to help the stop gun violence, in fact it will make it worse and will do nothing to stop suicide of a sick person. When will you start working for Oregonians and not special interests.
